# CAREER CHRONICLE

Half Yearly updates from the Training & Placement Cell of E.G.S. Pillay Engineering College

Where Academic Excellence meets Industry Expectations to Shape Successful Professional Careers

## A Special Launch on a Special Day Celebrating Excellence on Chairman's Birthday

**Career Chronicle, the official newsletter of the Department of Training & Placement, was inaugurated on 6th February 2026**

On the auspicious occasion of our beloved Hon'ble Chairman **Smt. Jothimani G.S. Pillay's** birthday, the Department of Training & Placement proudly unveiled Career Chronicle, its official newsletter. More than just a publication, Career Chronicle is a celebration of achievements, opportunities, and success stories, capturing the vibrant journey of students from classrooms to careers while showcasing the department's unwavering commitment to excellence.

### NEWS UPDATE

EGS Pillay Group of Institutions is proud to announce its official collaboration with Naukri Campus, a leading career and employability platform for students. This partnership is aimed at enhancing students' career readiness by providing access to industry-relevant training, skill development programs, career guidance, internship opportunities, and placement resources. Through this initiative, students will gain valuable exposure to current industry requirements, enabling them to build professional competencies and improve their employability. The collaboration reflects the institution's continuous commitment to bridging the gap between academia and industry, empowering students to achieve successful careers in a competitive job market.

## EGS Pillay Group of Institutions Partners with Only Interns to Empower Future Professionals

Together, EGS Pillay Group of Institutions and Only Interns are creating a dynamic ecosystem that supports students in transforming their academic potential into successful career outcomes.

EGS Pillay Group of Institutions is proud to establish a strategic partnership with Only Interns, reinforcing its commitment to nurturing industry-ready graduates. This collaboration opens new avenues for students to engage with real-world professional experiences, gain practical insights, and develop competencies that align with evolving industry expectations. By integrating internship opportunities, career-focused learning, and professional mentorship into the student journey, the partnership aims to foster innovation, confidence, and workplace readiness.

## TNATPO Meeting Strengthens Industry–Academia Collaboration

The representatives of EGS Pillay Group of Institutions actively participated in the Tamil Nadu Association of Training and Placement Officers (TNATPO) Meeting, a prestigious platform that brings together training and placement professionals from institutions across the state. The meeting provided valuable opportunities to discuss emerging industry trends, placement strategies, skill development initiatives, and collaborative opportunities for enhancing student employability. Through insightful discussions and networking with academic and industry leaders, the institution gained valuable perspectives on strengthening placement activities and preparing students to meet the evolving demands of the corporate world. The participation reflects the institution's continuous commitment to excellence in training, career development, and placement support.

## TRAINING AND PLACEMENT CELL: DRIVING CAREER SUCCESS

The Training and Placement Cell of EGS Pillay Engineering College continues to play a pivotal role in shaping students' careers by fostering strong industry partnerships and creating meaningful employment opportunities. During the even semester, the Cell successfully coordinated campus recruitment drives with more than 20 reputed organizations, including TCS, NCR Atleos, AIM Japan, Reyna Buildmart, City Union Bank (CUB), Data Patterns, Orion Shift, AravindIVF and IZeon Innovative Private Limited. These initiatives resulted in over 200 students securing internship and placement offers across various sectors.

Beyond placements, the Training and Placement Cell actively conducts skill development programs, aptitude training, mock interviews, technical workshops, career guidance sessions, and industry interaction programs to enhance students' employability and professional readiness. Through its dedicated efforts, the Cell continues to bridge the gap between academia and industry, empowering students with the knowledge, skills, and confidence required to thrive in a competitive global workforce. The remarkable placement achievements stand as a testament to the institution's commitment to academic excellence, industry engagement, and student success.

## Training and Placement Cell: Driving Career Success

The remarkable placement achievements of the academic year were made possible through the active involvement, dedication, and persistent hard work of the students. Their commitment to continuous learning, skill enhancement, and career preparation played a crucial role in securing opportunities from reputed organizations. Students enthusiastically participated in training programmes, aptitude sessions, mock interviews, technical workshops, and recruitment activities, demonstrating a strong determination to achieve their career goals.

Their willingness to learn, adaptability to industry expectations, and consistent efforts throughout the placement process reflected their professional readiness and resilience. The successful placement outcomes stand as a testament to the students' perseverance, positive attitude, and unwavering commitment to building successful careers.

## LinkedIn Workshops Empower Students for Professional Success

The Training and Placement Cell successfully organized a series of LinkedIn Workshops for second- and third-year students, aimed at enhancing their professional networking and personal branding skills. The workshops were conducted by Mr. Vigneshwaran, Technical Trainer, who shared valuable insights on building a strong digital professional presence and effectively utilizing LinkedIn for career growth.

To equip students with essential professional networking skills from the very beginning of their academic journey, the Training & Placement Cell organized a LinkedIn Awareness Session for First-Year Students in collaboration with Think Pathways. The session introduced students to the importance of building a professional online presence, creating impactful LinkedIn profiles, networking effectively, and exploring career opportunities through the platform. This initiative encouraged students to begin their career development early and laid a strong foundation for their professional growth.

# Outstanding Success in TCS Off-Campus Recruitment Drive

A significant milestone was achieved by the students of EGS Pillay Arts and Science College through their successful participation in the TCS Off-Campus Recruitment Drive conducted at SASTRA Deemed University. The drive provided a valuable platform for students to showcase their technical knowledge, aptitude, communication skills, and professional readiness before one of the leading global IT organizations. Demonstrating exceptional talent and determination, 95 students secured placement offers from Tata Consultancy Services (TCS), marking a remarkable achievement for the institution.

This success reflects the dedication of the students, the continuous support of the faculty members, and the focused efforts of the Training and Placement Cell in preparing students for industry expectations through training programmes, mock interviews, aptitude coaching, and career guidance initiatives.

The achievement stands as a testament to the institution's commitment to academic excellence and career development, further strengthening its reputation for producing skilled and industry-ready graduates. The management, faculty, and Training and Placement Cell congratulate the placed students and wish them continued success in their professional careers.

## CAREER CHRONICLE

### TCS Partnership Enhances Industry-Oriented Learning Through CSBS Programme

EGS Pillay Engineering College continues to strengthen its commitment to industry-integrated education through its collaboration with Tata Consultancy Services (TCS) under the B.Tech. Computer Science and Business Systems (CSBS) programme. Designed by TCS to bridge the gap between academia and industry, the CSBS curriculum combines core computer science knowledge with business, analytics, and professional skills. This unique programme equips students with a multidisciplinary perspective, preparing them to excel in the rapidly evolving digital economy. The partnership provides students with industry-relevant learning experiences, enhanced employability opportunities, and exposure to emerging technologies, enabling them to become future-ready professionals capable of meeting global workforce demands.

# Training and Placement Cell Launches ACT Club

The Training and Placement Cell of EGS Pillay Engineering College proudly launched and inaugurated the ACT Club (Act, Communicate, Transform) with the vision of empowering students to discover their inner potential, nurture their creativity, and develop essential life and career skills. The club serves as a vibrant platform where students are encouraged to think beyond boundaries, generate innovative ideas, express themselves confidently, and showcase their unique talents.

ACT Club provides opportunities for students to participate in a wide range of activities, including public speaking, debates, group discussions, talent showcases, leadership programmes, and creative competitions. These initiatives are designed to foster confidence, critical thinking, communication skills, teamwork, and personal growth. By creating an environment that inspires learning, collaboration, and self-expression, the club enables students to transform their ideas into action and unlock their full potential.

**The inauguration of the ACT Club reflects the Training and Placement Cell's commitment to holistic student development, helping students Act with purpose, Communicate with confidence, and Transform into future-ready leaders and professionals.**

## PLACEMENT UPDATES

### Celebrating Student Placement Success

The institution proudly congratulates all students who have successfully secured placements in reputed organizations during the academic year. Their achievement is a result of consistent hard work, determination, and active participation in various training and placement initiatives. The students demonstrated exceptional commitment throughout the recruitment process, showcasing their technical expertise, communication skills, and professional aptitude. The Management, Faculty Members, and Training and Placement Cell appreciate their dedication and perseverance and extend their best wishes for a successful and rewarding professional journey. Their accomplishments serve as a source of inspiration for fellow students and further strengthen the institution's legacy of academic and career excellence.

## PLACEMENT UPDATES

Our students have been successfully placed in the last six months. We heartily congratulate all the students on their remarkable achievement.

# Career Corner

As part of the Talent Talks 2025–26 series, the Career Guidance Cell conducted an enlightening session on “Career Pathways in Biomedical Engineering: Education, Research & Industry” for the students of the Department of Biomedical Engineering. The resource person, Dr. K. Karthikeyan, CEO, Shanvi Academy, Karaikal, captivated the audience with his insights into the evolving landscape of biomedical engineering and the vast opportunities it offers across education, research, healthcare, and industry.

The session inspired students to look beyond conventional career choices and explore emerging domains within the biomedical field. Through real-world examples and practical guidance, Dr. Karthikeyan emphasized the importance of innovation, continuous learning, and interdisciplinary expertise in shaping successful careers. The programme not only broadened students’ perspectives on future opportunities but also motivated them to pursue their aspirations with greater confidence and clarity.

The Career Guidance Cell of E.G.S. Pillay Engineering College conducted a thought-provoking Talent Talks 2025–26 session in association with Sakura Engineers on the theme “Bloom into Global Opportunities with Japanese Language.” The session featured Mr. I. Arulprakash, B.Tech., MBA., Head – Placements (Operation), E.G.S. Pillay Engineering College, who shared valuable insights into the growing significance of Japanese language proficiency in the global job market.

Through an interactive and inspiring discussion, students were introduced to the advantages of acquiring foreign language skills and the numerous career avenues available in Japan and Japanese multinational companies. The session highlighted how language learning can serve as a gateway to international exposure, professional growth, and cultural understanding. Students enthusiastically participated in the programme and gained a fresh perspective on expanding their career opportunities beyond conventional boundaries, making the session both informative and motivating.

The Career Guidance Cell of E.G.S. Pillay Engineering College organized Talent Talks 2025–26 for Information Technology students, featuring an insightful session on “Classroom to Corporate: How to Crack Interviews & Industry Expectations.” The programme was conducted by Mr. Vinodhan G., Senior Software Engineer, Tata Communications, who shared his professional journey and valuable insights into the expectations of the corporate world. The session focused on helping students understand the transition from academics to industry and the skills required to build successful careers.

# EGSPJ Academy

The EGSPJ Academy successfully organized a Competitive Examination Quiz Competition in collaboration with Shankar IAS Academy, providing students with an excellent platform to assess and enhance their aptitude, reasoning, current affairs, and general awareness skills. The event was designed to create awareness about various competitive examinations and encourage students to develop a systematic approach towards exam preparation.

The competition witnessed enthusiastic participation from students, who showcased their knowledge, analytical abilities, and quick thinking in a highly engaging environment. Experts from Shankar IAS Academy shared valuable insights on competitive examination strategies, preparation techniques, and career opportunities in government services. The programme served as a motivating experience for aspiring candidates, inspiring them to pursue their goals with confidence and dedication while strengthening their readiness for future competitive examinations.

# PLACEMENT DAY

## ZENITH – 26: CELEBRATING PLACEMENT EXCELLENCE

The Department of Training & Placement, EGS Pillay Group of Institutions, proudly hosted “ZENITH – 26”, a grand celebration dedicated to honouring students who secured placements during the academic year 2025–2026. The event served as a testament to the institution’s unwavering commitment to empowering students with the skills, knowledge, and opportunities needed to excel in their professional careers.

The occasion marked a significant milestone in the institution’s placement journey, with an impressive 1,963 placement offers, participation from 244 reputed companies, a highest salary package of ₹12 LPA, and more than 465 offers exceeding ₹3 LPA. These remarkable achievements reflect the collective efforts of the management, faculty members, trainers, and students in building a culture of excellence and career readiness.

The celebration was filled with pride and inspiration as placed students shared their success stories and expressed gratitude for the guidance and support received throughout their placement journey. The event not only recognized outstanding accomplishments but also motivated aspiring students to dream bigger, work harder, and prepare themselves for the opportunities that lie ahead.

**Turning Opportunities into Achievements**

Dedicated Heads and Placement coordinators working together to connect talent with opportunity and create successful career journeys.

# Industry Insight

As a Procurement Executive in defense and aerospace electronics, my journey has taught me that strategic foresight, supply chain resilience, and precision are vital. The components we secure power advanced technologies that directly impact national progress.

College is your launchpad; it builds your analytical mindset, communication, and confidence. Seize every opportunity to learn new tools, engage in projects, and sharpen your problem-solving abilities.

The global market shifts overnight, making market awareness and continuous upskilling essential. Face high-pressure operational challenges without fear—they are the catalysts that build real-world expertise.

Remain disciplined and focus on mastering both technical data and interpersonal negotiation. The dedication you exhibit today will define your career trajectory and empower you to make a significant impact.

**Harini Thangamayan**  
Procurement Executive  
Data Patterns India Ltd, Siruseri, Chennai.

## CAREER CHRONICLE

As a Software Developer and Technical Trainer, my journey has taught me that continuous learning and adaptability are the keys to success in the IT industry.

College is not just about academics; it is the foundation for building your technical skills, communication abilities, and confidence. Make use of every opportunity to learn, participate in projects, attend workshops, and improve your problem-solving skills.

The technology world evolves rapidly, so stay curious, keep practicing, and never stop learning. Do not be afraid of challenges or failures—they are stepping stones to growth and success.

Believe in yourself, stay consistent, and focus on developing both technical and interpersonal skills. The efforts you put in today will shape your future career.

**Shanmathi Selvam**  
Software Developer & Technical Trainer  
Gentrobyte, Bangalore.

# What's Next ?

- **Tech Training Bootcamps (June–July)**  
Intensive technical training for IV-year students to enhance coding, aptitude, and placement readiness.
- **VALUE ADDED COURSES**  
Industry-relevant certification programme for III-year students to gain specialized skills and improve employability.
- **HR Connect & Industry Orientation (August)**  
An interactive platform connecting students with HR professionals and industry experts to understand corporate expectations and career opportunities.
- **AI Profiling & Onsite Industry Training (July–August)**  
A unique blend of AI-driven career assessment and hands-on industry exposure, helping students identify strengths and prepare for future careers.

## PLACEMENT DRIVES

We extend our sincere gratitude to the Management, Staff Members, Training and Placement Team, and the Career Guidance Cell for their constant support and dedicated efforts.

"Your future is created by what you do today, not tomorrow."
